Dr. Alfred Denker (Martin-Heidegger-Archiv, Meßkirch)

Dr. Juan José Garrido Periñán (University of de Seville)

Dr. Daniel Michelow (Universidad Católica Santiago de Chile)

Prof. Dr. José Ordóñez García (University of Seville)

Prof. Dr. Luisa Paz Rodríguez Suárez (University of Zaragoza)

---

Meßkircher Martin-Heidegger-Stiftung

The summer school (July 13-20, 2019) in Meßkirch is a collaboration between the Universidad de Sevilla, the Martin-Heidegger-Archiv and the Martin-Heidegger-Stiftung. It will be a bilingual event (english / español) in order to reach as many students as possible. The goal is to enable students to study Heidegger's famous lectures "What is Metaphysics?" and "What is Philosophy?" under supervision of experienced Heidegger researchers and to offer an introduction to his life and work. Besides presentations on the lectures and their place within the Heideggerian corpus, there will be reading sessions based on the German text and the Spanish and English translation, in which the text will be discussed in detail. Students and assistant researchers will have the opportunity to give a presentation – either on the topic of the Summer School or related to their own research.

Since the summer school takes place in Heidegger's hometown Meßkirch students and assistant researchers will have the opportunity to experience Heidegger's "Heimat" directly. Also included in the program are a trip to Beuron, Todtnauberg and a visit of Heidegger's famous hut.

La escuela de verano (Julio, 13-20, 2018) en Meßkirch es una colaboración entre la Universidad de Sevilla, el Martin-Heidegger-Archiv y la Sociedad Martin-Heidegger.

Este evento será bilingüe (español / inglés), a fin de alcanzar, de cara a su difusión, a tantos estudiantes como sea posible. El objetivo estriba en hacer accesible a los estudiantes el estudio de las famosas conferencias "Qué es Metafísica?" y "Qué es la filosofía" de Heidegger, bajo la supervisión de expertos especialistas e investigadores dentro de los estudios heideggerianos y, a su vez, ofrecer una introducción a su vida y obra. Además de las presentaciones sobre las conferencias, y su lugar dentro del corpus heideggeriano, habrá sesiones de lectura basada en los textos originales alemanes y en la traducción española, a través de las cuales se podrá alcanzar una profundización y discusión en detalle. Los estudiantes y los investigadores asistentes tendrán la oportunidad de impartir una presentación, ora en relación con las conferencias, ora en correspondencia con su propia investigación.

Ya que la escuela de verano se llevará a cabo en la ciudad natal de Heidegger, Meßkirch, los estudiantes e investigadores asistentes tendrán la oportunidad de experimentar la "patria/terra natal" [*Heimat*] de Heidegger en primera persona. Es de notar, además, que se incluye en el programa del evento los viajes a Beuron, *Todtnauberg* y una visita a la célebre "cabaña" [*Hütte*] de Heidegger.

Para ampliar información, se ruega ponerse en contacto con:
