

**The 13th
International Kant
Congress**

Oslo 5 – 9 August 2019

*The
Court
of
Reason*

Welcome to the 13th International Kant Congress 2019:

“The Court of Reason”

On behalf of the Norwegian Kant Society and the University of Oslo I would like to welcome everyone to the 13th International Kant Congress in Oslo. The congress hosts speakers from more than 30 countries and 5 continents. We have 14 invited keynote speakers in addition to another 237 speakers who have been accepted to speak in parallel sessions.

The title of the 2019 Kant Congress is “The Court of Reason”. The idea of reason being its own judge is not only pivotal to a proper understanding of Kant’s philosophy, but can also shed light on the burgeoning fields of meta-philosophy and philosophical methodology. The International Kant Congress has a special emphasis on Kant’s methodology, his account of conceptual critique, and the relevance of his ideas to current issues in especially political philosophy and the philosophy of law.

One of the important events that take place during the International Kant Congresses is the Award Ceremony for the International Kant-Preis of the German Kant Society, funded by the Fritz Thyssen Foundation, and the Kant-Nachwuchspreis, funded by the German Kant Society and the Fondazione Silvestre Marcucci. This time the laureate of the grand Kant-Preis is Professor Emeritus Gerold Prauss (Albert-Ludwigs-Universität Freiburg) and the laureate of the Nachwuchspreis is Dr. Gabriela Gava (Goethe University, Frankfurt).

I would like to thank our sponsors and donors for their generous support as well as my assistants for all their help. Without them, the congress would not have been possible.

I hope that our guests and contributors will prosper from their meetings with the numerous scholars and topics the congress has to offer.

I wish you all an inspiring Kant week in Oslo!
